

Campus Updates

Announcements and happenings related to IITGN campus

AESA Award 2017

The Academic Complex of our campus recently bagged the 'AESA Award 2017: Outside Pune District'. AESA is a professional organisation of Architects Engineers and Surveyors and has a long history in Pune.

Organic Farm

The organic farm started by a volunteer group is growing steadily (quite literally). In the last few weeks the farm has grown and harvested potatoes, tomatoes, spinach, beetroot, broccoli, capsicum, carrots, pumpkins, cauliflowers, cabbage,

brinjals, among other things. The farm provides plenty of opportunities to volunteer and engage including opportunities for students.

Sports Complex

An indoor sports facility and sports grounds are being developed and are expected to be completed in next 2 years. The sports facility is currently planned to have an olympic-size swimming pool and a smaller amateur pool, a table-tennis hall, 3 squash courts, 6 badminton courts, an indoor basketball court, an indoor volleyball court, a gym and a yoga hall. These are in addition to external courts and grounds that are being developed. This entire complex is being developed around four existing trees on the site.

Solar Carport

A Solar Carport with a partially covered walkaway is being developed in the stretch between the Hostels and Academic Area (in front of Lal Minar). The shaded walkaway will be a relief to all of us walking between the Student Hostels and the Academic Area in the Summer. The roof of the parking structure and walkaway will consist of Solar PV panels. The work is expected to be completed in the next several weeks.

No Signs on Walls & Poles

A gentle reminder not to post any signs, bills, or announcements on walls, poles or pillars. All Community members are requested to follow this strictly and be vigilant and take appropriate action if you see others posting signs, regardless of whether it is for student events, faculty events or other institute events.

Smoking Zones?

We are working towards creating and enforcing smoking zones in the Academic Area. Please share with us any suggestions in this regard at campus@iitgn.ac.in.

Online Information
